Search term(s): vertices path source geologic reservoir shortest cost phase potential mobility with <2004 as year, with fluid flow as title,

Results: 134

Sort by Relevance		[6 pages 1 2 3 4 5 6] Next	
<input type="checkbox"/>	<p>Title Water-Based Formation Imaging and Resistivity Logging in Oil-Based Drilling Fluids- Today's Reality</p> <p>Author H. Laastad, E. Haukefaer, Statoil; S. Young, A. Tehrani, P. Delaunay, M-I ; K. Feather, J. Phillips, S. Marca, Schlumberger</p> <p>SPE 62977-MS 2000 86.88% Relevance</p>		
<input type="checkbox"/>	<p>Title Modeling the Effect of External Gas Flux on Reservoir Fluid Distribution</p> <p>Author F. Montel, J. Bickert, G. Cailliet, C. Le Goff, TotalFinaElf</p> <p>SPE 77383-MS 2002 85.93% Relevance</p>		
<input type="checkbox"/>	<p>Title Successful Application of Oil-based Drilling Fluids in Subsea Horizontal, Gravel-Packed Wells in West Africa</p> <p>Author Mike R. Chambers, Mobil International Drilling Services; Darrell B. Hebert, Chris E. Shuchart, Mobil Technology Company</p> <p>SPE 58743-MS 2000 85.85% Relevance</p>		
<input type="checkbox"/>	<p>Title GAS WELL FRACTURING USING GELLED NON-AQUEOUS FLUIDS</p> <p>Author Smith, C.F., Dowell Div. of The Dow Chemical Co.</p> <p>SPE 4678-MS 1973 84.64% Relevance</p>		
<input checked="" type="checkbox"/>	<p>Title Investigation of Fluid Conductive Faults and Modeling of Complex Water Influx in the Khafji Oil Field, Arabian Gulf</p> <p>Author N. Nishikiori, Y. Hayashida, Arabian Oil Co.</p> <p>SPE 66223-PA 2000 84.36% Relevance</p>		
<input type="checkbox"/>	<p>Title Integration of 4D Seismic Data into the Management of Oil Reservoirs with Horizontal Wells between Fluid Contacts</p> <p>Author Peter J. Clifford, Robert Trythall, Ronnie S. Parr, Tim P. Moulds, Tim Cook, Peter M. Allan, BP; Phil Sutcliffe, RML</p> <p>SPE 83956-MS 2003 83.87% Relevance</p>		
<input type="checkbox"/>	<p>Title Horizontal Well Performance Evaluation and Fluid Entry Mechanisms</p> <p>Author Lenn, Chris, Kuchuk, Fikri J., Rounce, Justin, Schlumberger Technical Services, Inc.; Hook, Peter, GeoQuest</p> <p>SPE 49089-MS 1998 83.50% Relevance</p>		
<input type="checkbox"/>	<p>Title Current Materials and Devices for Control of Fluid Loss</p> <p>Author Colby M. Ross, SPE, James Williford, SPE, and Michael W. Sanders, SPE, Halliburton Energy Services, Inc.</p> <p>SPE 54323-MS 1999 83.11% Relevance</p>		
<input type="checkbox"/>	<p>Title Laboratory Imaging of Stimulation Fluid Displacement from Hydraulic Fractures</p> <p>Author Tidwell, Vincent, Sandia National Laboratories; Parker, Mark, Halliburton Energy Services</p> <p>SPE 36491-MS 1996 81.96% Relevance</p>		
<input type="checkbox"/>	<p>Title Coupled Analysis of Geomechanics and Fluid Flow in Reservoir Simulation</p> <p>Author P. Samier, Atef Onaisi, TotalFinaElf; G. Fontaine, TotalFinaElf Norge</p> <p>SPE 79698-MS 2003 81.83% Relevance</p>		
<input type="checkbox"/>	<p>Title Impacts of Scale-up on Fluid Flow from Plug to Gridblock Scale in Reservoir Rock</p> <p>Author Kumar, Arun T.A., GeoQuest Schlumberger; Jerauld, G.R., ARCO Exploration and Production Technology</p> <p>SPE 35452-MS 1996 81.14% Relevance</p>
